

Regarding the Championships 2022-23 Philippines VG Category Qualifiers

Some issues have been identified within the latest update (Ver.1.3.0) for *Pokémon Scarlet & Violet*, specifically affecting *invite-only official tournaments*. However, we can confirm that these issues do not affect other types of normal online tournaments.

As such, the Qualifiers for the Video Game Category are *not* affected, and will be held as planned on May 21.

We wish all participating players the best of luck in the competition!
